Revolutionize your work performance with Samsung Business Monitor

When it comes to business monitors, there is no greater business partner than Samsung. It is Samsung's goal to push business productivity with a single solution that meets both performance and budget requirements. So, it is little surprise that Samsung has been the No. 1 Player in the Monitor Industry for the last five years.

SC650

SC450

SC200

Maximize efficiency with superior picture quality

With premium picture quality and amazing efficiency, the Samsung SC650 truly is a next generation business monitor.

Designed specifically to enhance the user experience like no other monitor, it features the vivid 178° Wide Viewing Angle for total convenience, a Height Adjustable Stand design, and handy Pivot/Swivel/Tilt functionality. Combine these features with the recycled plastic parts and Eco certificates, and you have a monitor experience that not only high performing but also a lot greener.

Features

WIDE VIEWING ANGLE⁺

See your work from the best possible angle

While conventional monitors have a viewing angle of 170 degrees horizontally, the Samsung monitor has an extra wide viewing angle of 178 degrees. The additional 8 degrees is particularly useful when sharing on-screen information with coworkers or presenting your ideas to clients. The Samsung Monitor has improved its vertical viewing angles by 18 degrees, making it the perfect display for giving presentations in front of a large audience or when viewing other content.

NARROW BEZEL

Experience minimal design and maximum effect

With its narrow bezel width, users benefit from reduced distraction when looking at the monitor and therefore can enjoy greater levels of concentration. The extra screen space also makes it easier to set up a dual monitor workstation, which also adds to work productivity. But for those who just want a smart looking monitor, the narrow bezel adds a sophisticated look and feel to any desk.

DPMS 0.1W

Help business with cost-cutting technology

Minimise your work costs with the help of the new DPMS 0.1W feature*. It ensures that your Samsung Business monitor only consumes a maximum of 0.1 Watts while in standby mode. This amazingly low consumption is beneficial both financially and environmentally, and is simply unmatched by competitors.

*Analog input condition

*This feature is not available for DP(Display port) models.

HAS(Height Adjustable Stand)

Improve your work with HAS design

Find the perfect viewing experience with the help of Samsung's Height Adjustable Stand (HAS). Its simple controls allow for users to tailor their monitor height and angle to meet their exact eye level and therefore improve their productivity when working.

Pivot

Change your monitor perspective using Samsung's innovative Pivot feature. It allows you to rotate your screen up to 90 degrees to match your exact viewing needs.

Tilt

Set your monitor to the perfect angle with Samsung's Tilt functionality. It ensures that your monitor is always providing the most comfortable experience.

Swivel

Samsung's Swivel functionality ensures that the monitor can be easily and quickly re-adjusted, and is extremely useful when working in groups.

CARRYING HANDLE / CABLE ARRANGEMENT

Keep your work space as efficient as your monitor

If you need a work monitor that uses office space efficiently, then Samsung Business Monitor SC650 is the perfect choice. From physically moving the monitor with the carrying handle to quickly installing, the SC650 is ready to deliver an efficient and clean work space. Optimizing your office space is now easily achieved with the Samsung Business Monitor SC650.

USB HUB

The USB Hub that sets you free

The built-in USB Hub features 2 USB ports and replaces the need for a docking station. Furthermore, the enhanced connectivity also means that all your devices can be connected and controlled through the monitor. So, everything from your mouse and keyboard to your external speakers, printers and USB devices can simply connect to your Samsung Business Monitor. This monitor really sets you PC free!

STEREO SPEAKER

The total audio-video solution with built-in speakers

With a built-in Samsung Stereo Speaker, a 2 way Speaker delivers high-quality stereo sound and a richer multimedia experience. You'll enjoy enhanced movies and music, as if you were in a theatre or concert, thanks to Samsung's outstanding audio. Experience total convenience and make the most of home or office space with cost-efficient built-in speakers.

VESA WALL MOUNT

Maximise your space with easy wall mounting

Give your monitor the best possible positioning with the VESA Wall Mount. Easy to mount and install, it is convenient, safe, compatible, and the perfect partner to your monitor. You will always have a great viewing angle and it also makes the most of your space with its slim design.

MEGA ∞DCR

Upgrade to the next level with Mega Dynamic Contrast

A breathtaking Mega∞ DCR contrast ratio shows blacks at their absolute darkest and pristine whites and other colors at their brightest. You will notice the crystal clear picture clarity. It is like explosions of colors that make other screens seem dull in comparison. Enjoy your multimedia content with the professionalism it deserves.

HDMI Port

Bring all of your content onto your monitor using the HDMI Port. With a wide range of inputs, you can be assured of making a quick and easy connection to your monitor.

Display Port

Enjoy easy access to your content with the help of Samsung's Display Port. A wide range of inputs allows for simple and effortless connectivity with your monitor.

Recycled Plastics

Samsung Business Monitors SC650 embrace the green movement by using some recycled plastics during the manufacturing process.

Energy Star

Minimise costs with Samsung's LED Business Monitor, which has been accredited with the Energy Star rating. With less power consumption, this monitor is good for business and the environment.

TCO

Meeting the strict environmental requirements of the TCO Display standard, the Samsung monitors represent the cutting-edge of responsible design and manufacture, ensuring the health of both users and the planet.

EPEAT

Upgrade to the greener Samsung LED Business Monitor, which comes with the new Green Certificate from EPEAT. With reduced 'soft power' consumption, this eco-friendly monitor is perfect for business.

See the difference with optimized performance

With the ergonomic Height Adjustable Stand design and innovative functionality, the Samsung SC450 is ready to boost work performance.

With a host of features to enhance the user experience, such as the Height Adjustable Stand, this monitor offers a truly personalised experience. The advanced LED monitors also minimized running costs, which is also good for the environment. So, if you are serious about working, then this is the perfect choice.

Features

NARROW BEZEL

Experience minimal design and maximum effect

With its narrow bezel width, users benefit from reduced distraction when looking at the monitor and therefore can enjoy greater levels of concentration. The extra screen space also makes it easier to set up a dual monitor workstation, which also adds to work productivity. But for those who just want a smart looking monitor, the narrow bezel adds a sophisticated look and feel to any desk.

DPMS 0.1W

Help business with cost-cutting technology

Minimise your work costs with the help of the new DPMS 0.1W feature*. It ensures that your Samsung Business monitor only consumes a maximum of 0.1 Watts while in standby mode. This amazingly low consumption is beneficial both financially and environmentally, and is simply unmatched by competitors.

*Analog input condition

*This feature is not available for DP(Display port) models.

HAS(Height Adjustable Stand)

Improve your work with HAS design

Find the perfect viewing experience with the help of Samsung's Height Adjustable Stand (HAS). Its simple controls allow for users to tailor their monitor height and angle to meet their exact eye level and therefore improve their productivity when working.

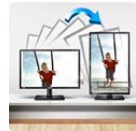

CARRYING HANDLE / CABLE ARRANGEMENT

Keep your work space as efficient as your monitor

If you need a work monitor that uses office space efficiently, then Samsung Business Monitor SC450 is the perfect choice. From physically moving the monitor with the carrying handle to quickly installing, the SC450 is ready to deliver an efficient and clean work space.
