\* Many of the services and features described above are network dependent and may require additional subscription and/or usage charges. Not all features are available for purchase or use in all areas. Other conditions and restrictions apply. See carrier for more information. All usage and standby times are approximate. Battery performance depends on network configuration, signal strength, operating temperature, features selected, and voice, data, and other application usage patterns. Internet content/services designed for mobile devices.

\*\*The SCH-i760 supports the headset profile, handsfree profile, serial port profile, object push (for vCard only), phone book access and dial up networking profile for Bluetooth® wireless technology. The SCH-i760 does not support all Bluetooth OBEX profiles. Accessories sold separately. For vehicle/accessory compatibility, go to [www.verizonwireless.com/bluetoothchart](http://www.verizonwireless.com/bluetoothchart).
