

Home Theater

PRODUCT HIGHLIGHTS

- Built-in Blu-ray™ player
- Internet@TV
- Wireless LAN ready (wireless LAN adaptor not included)
- AllShare™

Samsung's 1000W HT-C5500 Blu-ray™ Home Theater System brings the entertainment home: Internet@TV delivers the best of the web, straight to your HDTV, with downloadable widgets and apps like BLOCKBUSTER®, Facebook®, YouTube™, Twitter™, Flickr™, Pandora and more. You can shop online, share pictures, catch up with friends and more. Connect to a wide range of streaming digital content at the touch of a button. Your Samsung Home Theater is also wireless-ready, giving you the convenience of less cords, less hassle. It's also part of DLNA (Digital Living Network Alliance). Samsung's DLNA Certified™ Home Theaters have AllShare™, which enables content to be seamlessly streamed between DLNA devices, allowing you to play files stored on your PC through your home theater. An earth-friendly Eco Power Management System uses only the energy it needs, and 30% less energy overall compared to 2009 models. And Samsung's new Crystal Amplifier Pro uses sophisticated "feedback" circuit technology that filters sound distortion and noise to provide pure sound.
