UN60ES8000 60" Class (60.0" Diagonal) Slim LED HDTV with 1080p Resolution

FEATURES
Smart TV: Never miss a moment with Samsung Smart TV. Watch your favorite movies while you browse the web or explore the Smart Hub. Find more content you love by searching for shows, movies, and videos across vudu,™ YouTube™, Hulu Plus™,™ YouTube™, and other digital content providers. Movies are handpicked for you through recommendations based on your viewing history and ratings. Access all your apps and download new ones, such as Netflix, Facebook,™ YouTube™, Hulu Plus™,™ YouTube™, and Twitter™. Enjoy TV while you chat with friends and family online, all on one screen.

Smart Interaction: The built-in microphone on the Smart Touch Remote, voice and gesture controls, face recognition, and the Smart View Mobile App all provide unique ways to interact with your TV. Use the Voice and Gestures to control pre-selected TV functions, plus facial recognition logs you into your apps account. The Smart Touch Remote's built-in Mic and trackpad provide for simple ways to navigate and control menus. Download the SmartView App on select Samsung phones and Tabs for flexibility in controlling the Smart TV.

Smart Content: With the introduction of the new Smart TV features, you can now enjoy a more fun and entertaining experience at home. The Smart TV offers an entire suite of easy-to-use, innovative features that entertain your family.

Signature Services
Family Story: Share your most precious family moments with Family Story on your new Samsung Smart TV. Family Story provides a quick way to upload photos to a gallery, even from your mobile device. You can also chat in real time, post messages and share important family events so everyone is kept up to date.

Fitness: Help maintain a healthy lifestyle with Samsung Smart TV’s Fitness. Exercise at home through the video-on-demand service and manage your workout history. You can also track your progress by downloading the Exercise App onto your mobile device.

Kids Story: Combine home entertainment and education with Samsung’s new Smart TV. Through this TV, we can recommend a variety of child-friendly programming so you can watch your child enjoy the pleasures of learning. The fun and exciting games will entertain your child and family for hours.

Smart Evolution: With Smart Evolution you can experience advanced overall performance today, from improved motion clarity to fast web access. Plus in the future, upgrade your TV technology with the Smart Evolution Kit.

Apps built for TV: Download a wide range of apps for your Smart TV through the TV app store. The Samsung Apps store includes world-renowned apps, such as YouTube™ and Facebook™ and popular local ones available for downloading. Now you can enjoy your favorite apps from the comfort of your couch.

Web Browser: Easily stream your favorite movies and TV shows, download apps, shop online, browse the web, update your status on Facebook,™ Twitter,™ and enjoy all of the benefits of full web browsing right on the big screen.

Search All: Quickly search for web content related to the program you’re watching or access other features like VOD, apps and social networking services. You can even search USB drives or other external hard drives connected to your TV with ConnectShare™.

Smart Hub: Samsung Smart TV has retooled its Smart Hub feature to further expand its access to a world of online entertainment. Smart Hub enables multitasking and delivers an optimized viewing experience with single point access to the content that’s the most important to you. It also allows you to search through hundreds of apps and use the fully optimized Web Browser for a seamless user experience.

WiFi built-in: With a wireless LAN built right into the TV, it is easier than ever to browse the web right on the big screen.

AllShare™ Play: Enables your TV to wirelessly access and stream content from any compatible device, like a PC. That means you can share movies, photos and music all through a single device — your TV. Now with the benefits of cloud technology, you can access and even share content when you’re away from home.

Dual Core Processor: Your Samsung Smart TV and web browsing experience will run better than ever. With faster processing and multitasking capabilities, you can pause a show, stream a movie or open apps, and return to your movie without missing a beat!

Full HD 2D or 3D: Enjoy stunning Full HD 1080p in both 2D and 3D modes.

Built-in camera for: Skype™: With a camera built right in the top of the TV, enjoy Skyping with friends and family all over the world on the big screen.

ConnectShare™ Movie: Have movies and pictures on a USB drive? Now easily view that content right on the TV. Just plug the drive into the USB port and you are ready for a big screen experience.

Your Video (movie recommendations): Through a customized recommendation service for video and other content, Your Video allows you to watch and preview movie trailers and TV programs. You can even read a brief synopsis and user ratings before purchasing a movie.

Wireless keyboard-compatible

PICTURE QUALITY
Clear Motion Rate (CMR): A comprehensive measure of a TV’s ability to display images in motion. The higher the CMR, the better. Samsung achieves high CMR numbers based on panel processing advancements. See the picture quality difference for yourself.

Micro Dimming Ultimate: Enjoy the most vivid contrast with superior color and sharpest detail. Micro Dimming Ultimate combines the use of a special algorithm and scanning technology that delivers sharper images and enhanced contrast ratios.

Wide Color Enhancer Plus: Allows you to see picture color the way the director originally intended, brought to life on your screen to bring you exceptionally vibrant, yet natural-looking images and depicts subtle details and tones.

AUDIO
10 watts x 2 audio power stereo broadcast reception: Supports multi-channel sound (MTS) and second audio program (SAP) with 181-channel capacity.

Dolby® Digital Plus/Dolby® Pulse: An advanced surround sound audio processing feature designed to optimize the TV’s sound quality when viewing and listening to Internet movies, Internet music and other content played back from wired or wireless mobile phones, PCs and tablet devices.

DNSe™ (Digital Natural Sound engine): Sound enhancement system that combines different equalizer settings and signal processing to create various user-centric presets to suit the most common listening scenarios. DNSe™ is designed to optimize the sound of the compact Ultra Slim Design, Flat-panel TVs. The user’s settings are memorized, and the TV’s menu includes a custom setting for each of the TV’s inputs for a simulated surround sound experience.
