

16kg BubbleWash™ Smart Front Load Washer

- All-in-one Control
- Smart Wash
- Speed Shot
- Colour: Black
- Dimensions:
(W) 686 mm
(H) 984 mm
(D) 796 mm

ALL-IN-ONE CONTROL*

SMART CONTROL

SMART WASH

SPEED SHOT

All-in-one Control*

Control two machines using one simple, intelligent control to suit your needs.* Simply stack the clothes dryer up on the washer, select which machine you want to use and turn the central dial to choose a course. Then press the start button to begin the washing or drying cycle. With one control to use either machine, you can eliminate the need to stretch or bend to access the controls, creating an easier washer or dryer experience.

Smart Wash

Get excellent washing results* with less waste and without extra effort.** Smart Wash uses four types of sensors to sense the weight of the laundry. It then calculates the optimal amount of water and detergent and dispenses it automatically. The turbidity sensor also monitors the level of soiling during the wash. If necessary, it adds more detergent or increases the rinsing time.

Smart Control

Smart Control gives you the freedom to control and monitor your washing from anywhere using the Samsung Smart Things app.* Use the app to start or pause the machine, keep an eye on program selections, track your washing cycle and even setup automatic alerts to remind you when your washing is done.

Speed Shot

Wash a load of cotton garments in just 30 minutes* using Speed Shot. This innovative feature shoots powerful jets of water infused with detergent, which rapidly penetrate the fabric of clothes and removes even stubborn dirt. This is followed by a shot of clean water into the fabric to quickly extract more detergent residue. This helps you wash and rinse a whole load efficiently and save time.

*All-in-one Control is only available when a clothes dryer is stacked up on the washer and connected by a wire. *Download and installation of SmartThings app is required. Samsung Account required. Available on Android and iOS devices. For interoperability through SmartThings, all the devices should be registered with a single Samsung Account. Auto Cycle Link is only available when both the washer and dryer have AI Control and Wi-Fi connected. Apps and services are subject to change without notice. Data, subscription and other charges may apply. **Auto Cycle Link is only available when both the washer and dryer have AI Control and Wi-Fi connected. *Actual results may vary depending on individual use. **AI Wash holds detergent for up to 1 month's washing, based on the average of 4 loads per week. May vary depending on the washing load and settings. *Based on internal testing using a Cotton course at 40°C with a DOE 3kg load. Results may vary depending on the actual usage conditions.
