

32L Microwave Oven

- Product Type: Solo
- Mirror Finish
- Colour: Black
- Output Wattage: 1000W
- Literage: 32L
- Dimensions:
(W) 517 mm
(H) 297 mm
(D) 384 mm

FOOD WARMING

**SCRATCH-RESISTANT
CERAMIC INSIDE**

POWER DEFROST

SOFTEN / MELT

Food Warming

The Food Warming function keeps your food warm without over-cooking. This helps it retain the flavours and textures it had when initially cooked, until you are ready to serve.

Scratch-Resistant Ceramic Inside

The smooth and durable Ceramic Enamel allows for effortless cleaning without discoloration over time. It is highly rust and scratch-resistant, helping it last longer.

Power Defrost

Save time defrosting frozen food. With Power Defrost, you can choose from 4 popular foods: meat, poultry, fish & bread/cake. Simply enter the type and weight of food, and it calculates the optimal defrosting time and power. So you can prepare ingredients quickly while preserving nutrients.

Soften / Melt

Softening butter or melting chocolate? The Samsung Microwave acts as your sous chef. Select from four modes for chocolate, sugar, or butter, for perfectly softened or melted recipe ingredients.
